

Overview :

Belgaum Ferrocast (India) Pvt. Ltd (BFPL), is a Private Limited Company engaged in manufacturing and supply of Gray cast iron and Ductile (S.G Iron) Casting components in machined Semi finish, finish, with sub-assemblies and Ready to Assemble conditions in various sectors like **Hydraulics, Infrastructure, Pumps (Water/Oil), Transmission, Industrial Equipments, Heavy Stationery Engine Components, High Pressure Application Industry, Automobile / Automotive, Valve Industry.**

Foundry Division

- Foundry Division is equipped with
- 1250 KW Tri Track Induction Furnace, with Present Melting Capacity of 1100 MT/ Month.
- A Semi automated sand plant for green sand moulding process with sand preparation capacity of 30 MT / Hour.
- A fully equipped testing lab with Spectro and other testing Facilities.

Machining Division

- Division is a full fledged setup with precise Machine
- Machining Centers : VMC, VTM, CNC Turning, Broaching, Hot wash cleaning, Salt spray testing, Conventional Machines.
- Lab and Testing : CMM, Contour, Digital Profile Projector, Surface Analyzer, High Pressure Testing up to 2500 psi

Vision

"We at Belgaum Ferrocast (India) Pvt. Ltd are committed to be a reliable supplier of quality products through process improvements , innovations and proactive approach"

Core Values

- Accountability
- Speed and efficiency
- Creativity and Innovation
- Proactive
- Fit
- Passion
- Open Minded And Courageous
- Ethical Approach

Strength

- Small to large batch sizes production flexibility.
- Adequate Infrastructure & all processes under one roof.
- Implementation of LEAN mfg. Concept.
- Faster response time.
- Strong sub contracting base.
- Expansion Capability.
- Full fledge in house Measuring & testing facility..

Some of our Valued Customers

MAHINDRA ▪ HODEK ▪ VELJAN ▪ DOVER ▪ MIDLAND ▪ TWG ▪ BLACKMER

Belgaum Ferrocast (India) Pvt. Ltd.

Corporate Office & Machine Shop Unit I :

Plot No. 7A & 8A, R.S No. 680/2, BEMCIEL, Udyambag, Belgaum-590 008. Karnataka, India.
Tel. : + 91 831 2440665, 2441185 Fax : + 91 831 2441185 E-mail : bfplindia@bfplindia.com

Foundry Unit II :

Plot No. 150, Sy No. 585 & 589, BEMCIEL Indl. Estate, Machhe, Belgaum - 14.
Tel. : +91 831 2411319, 2411052 E mail: foundry@bfplindia.com

Foundry Unit III :

Plot No. 11 & 20, BEMCIEL Indl. Estate, Machhe, Belgaum - 14.
Tel. : +91 831 2411319, 2411052 E mail: foundry@bfplindia.com

DUCTILE & GREY IRON CASTINGS

CASTINGS | MACHINING | ASSEMBLIES | EXPORT

HYDRAULICS

Application : Components used for hydraulic gear pumps and motors are an ideal power for Trucks, Earth movers, Agriculture, Material Handling industry. The components catered to the industry are Gear housing body, Cover , Mounting flange etc.,

Material : Cast Iron and Ductile Iron based on the application & requirement

Weight Range : 6 Kg to 150 Kg

INFRASTRUCTURE

Application : Planetary winches and hoists that are ideally suited for large oilfield trucks, heavy haul tractor packages, digger derricks, cranes, elevators and aerial work platforms, boom trucks as well as various other applications. With linepulls from 5,000 to 130,000 pounds. The components catered to the industry are Housings, Drum, Piston, Supports ,Covers, Brakes etc..

Material : Ductile iron

Weight Range : 4 Kg to 280 Kg

PUMPS (Water /Oil)

Application : Water Pumps, Oil Pumps & Vane Pumps used for heavy diesel engine, Agriculture & Marine applications and which undergoes extensive performance testing. The components catered to the industry are Pump Body, Cover, housing, adaptor, Heads etc.

Material : Cast iron and Ductile Iron

Weight Range : 3 Kg to 180 Kg

TRANSMISSIONS

Application : Powertrain technologies are used by four of the top five heavy-duty OEMs globally and include:

- Synchronized manual transmissions (5 through 13 speeds)
- Constant mesh manual transmissions (5 through 18 speeds)
- Automated constant mesh manual transmissions (6 through 18 speeds)

Fully synchronized and non-synchronized manual transmissions as well as automated manual transmissions across a full spectrum of applications. The components catered for this industry are Front bearing covers, Rear bearing covers, PTO Spacers, Clutch housing bearing and Lay Shaft, Caps, Cover Bearing Main Shaft, Cover Bearing "C" Shaft, etc.

Material : Cast iron and Ductile Iron

Weight Range : 1 Kg to 150 Kg

INDUSTRIAL EQUIPMENTS

Application : Pallet Trucks, Pallet Stackers, 3 Wheel Electric Trucks, 4 Wheel Electric Trucks, Reach Trucks, Order Selectors, Very Narrow Aisle, Tow Tractors, High Capacity Forklift Trucks etc. The components catered to this industry are Bracket Isolators, Cross heads, Links, Wheel real loader, Flywheel, End Caps etc..

Material : Cast Iron and Ductile Iron

Weight Range : 1.5 Kg to 150 Kg

HEAVY STATIONERY ENGINE COMPONENTS

Application : Engine fuelled by diesel, natural gas and dual fuel, that Powers the widest range of almost all Industrial Applications such as Compressors, Excavators, Loaders, Cranes, Dump Trucks, Dozers, Industrial & Fire Fighting Pumps, Oil and Gas applications, Locomotives, Rail Power Cars, Rail Safety Vehicles, Marine Main Propulsion and variety of Defense applications, etc. The Components catered for this industry are Gear Case cover, DV Bell Housings ,Oil Pan, Support bearing, Connection water inlet, Housing heat exchanger, Head compressor, Housing hydraulic drive, Flywheel housing, Cover lub oil coolers, Air bottle, End cover, Connection adaptor, Housing thermostat, etc.

Material : Cast Iron and Ductile Iron

Weight Range : 5 Kg to 270 Kg

AUTOMOBILE / PULLEYS

Application : Torsional Vibration Dampers and drive chain pulleys used for on road and off road vehicle engines, The components catered to this industry are Hubs, Inertia Rings, Housings, "V" Groove Pulleys , Poly groove Pulleys, etc.

Material : Cast iron and Ductile Iron

Weight Range : 2 Kg to 250 Kg

VALVE INDUSTRY

Application : Valves used for Pressure Road Car, Rail Car, Oil lifting industries applications. The components catered for the industrial products like Pressure Relief Valve, Vaccum Relief Valve, Rupture Disc Devices, Bottom Outlet Plug Valves, Bottom Outlet Ball Valves, Hi-Flow Valve, Gauging, Top Transfer Valves, Check Valves, Butterfly Valves, Quick Disconnect Couplings, etc.

Material : Ductile Iron

Weight Range : 0.5 Kg to 60 Kg
